

## VINEYARD TOWN NEWS

March 2010

Vineyard Town, 240 East Gammon Road, Vineyard, Utah, 84058

### 2010 CENSUS IS COMING!!

The census is a count of everyone residing in the United States: in all 50 states, the District of Columbia, Puerto Rico and the Island Areas.

All residents of the United States must be counted. This includes people of all ages, races, ethnic groups, citizens and non-citizens. People should be counted where they live and sleep most of the year.

Census questionnaires will be mailed or delivered to every household in the United States in March 2010. The questions ask you to provide information that is accurate for your household as of April 1, 2010.

The U.S. Constitution (Article I, Section 2) mandates a headcount of everyone residing in the United States. The population totals determine each state's Congressional representation. The numbers also affect funding in your community and help inform decision makers about how your community is changing.
